

## Support

- Staff members may raise support from churches and interested individuals.
- The staff members should ask their home church to be their sending church and to be responsible for receiving money and issuing check(s) to the staff member
- Only staff members that have completed high school may raise support
- Limit of \$300.00 per week for single staff members
- Limit of \$700.00 per week for a married couple
- Amount raised over the weekly limit should be given to SHCM for expenses
- Support may also be raised for the two weeks of staff training
- Staff members should send at least two notes thanking the supporters and telling them about what God is doing at camp. (one during the summer and one at the end of the summer)
- SHCM will provide a letter explaining your responsibilities while at camp
- SHCM will provide brochures, newsletters, and promotional flyers for use in raising support
- The raising of support should not be viewed as a burden but rather an opportunity to have a greater number of people supporting and praying for your ministry
